KrisAnne Popovits

Sir:

Applicant has received a Notice of Allowance and Fee(s) due, which includes an examiner's statement of reasons for allowance. Applicant has the following comments on this statement.

The statement with reference to allowed claims says:

"The prior art does not teach an apparatus for capturing and digitizing at least one analog signal derived from an event by sampling an analog signal at a high sampling rate, storing the analog signal in two or more memories..." (Emphasis added.)

Applicant notes that claim 32 recites as part of its combination "at least one memory" but submits that the statement of reasons for allowance applies equally to this claim.

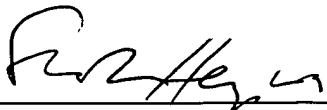

Applicant notes that the present application also has allowed method claims (claims 24-29) and submits that the statement of allowance applies equally to these.

Applicant respectfully requests that these comments be made part of the record for this application.

Respectfully submitted,

DORSEY & WHITNEY LLP
